Trying hard to be aware even when I know the sky s falling
Terror cried to me she s scared wanna run away but she s stalli
ng
And the weather is strange it keeps raining everyday
I keep walking away from the place in the cage where I feel lik
e I m stuck on the same path I

Followed working hard to try and break the chain
Better to see you, better to see you
Now I got a feeling nothing will slow you
Always Afraid

Does the pain you kill change the way you feel
Always Afraid
I ran into a friend today he wanted me to know you were sorry
I didn't know what to say I want to hear your side of the story

I keep walking away from the place in the cage where I feel lik
e I'm stuck on the same path I followed working hard to try and
break the chain
Better to see you, better to see you
Now I got a feeling nothing will slow you

Always Afraid
