

Burn

Josh Todd

Burn! burn you got that, burn, burn
Oh mother please inform me what keeps tearing you apart
Did someone squeeze the life out of you and
Has father been drinking nightly did he hurt you with his mouth

This time I'm gonna make him think again
Burn
Days and nights take a turn
Burn

Days and nights take a turn
It's taken a lifetime
Please let me tell the story they had a fallen out
This time she heard voices calling as

Gaseoline fills the bedroom as father passes out and one match
means the nightmares over
Burn
Days and nights take a turn
It's taken a lifetime

She sat down ans wrote a letter broken down and in distress she
had to make things better
So she decided to destroy the family
Without a dought destroy the family, destroy the famil!
Burn

Days and nights take a turn
It's taken a lifetime
Burn
Days and nights take a turn

It's taken a lifetime
Oh mother please inform me what keeps tearing you apart
Did someone squeeze the life out of you and
Has father been drinking nightly did he hurt you with his mouth

This time I'm gonna make him think again
