

# Burn

Josh Todd

Burn! burn you got that, burn, burn  
Oh mother please inform me what keeps tearing you apart  
Did someone squeeze the life out of you and  
Has father been drinking nightly did he hurt you with his mouth

This time I'm gonna make him think again  
Burn  
Days and nights take a turn  
Burn

Days and nights take a turn  
It's taken a lifetime  
Please let me tell the story they had a fallen out  
This time she heard voices calling as

Gaseoline fills the bedroom as father passes out and one match  
means the nightmares over  
Burn  
Days and nights take a turn  
It's taken a lifetime

She sat down ans wrote a letter broken down and in distress she  
had to make things better  
So she decided to destroy the family  
Without a dought destroy the family, destroy the famil!  
Burn

Days and nights take a turn  
It's taken a lifetime
