

# Wasted

Josh Todd

I got to quit it cause I just can't start again,  
I think I'm willing but I'm just so full of shit,  
I got to quit it cause I just can't start again,  
I'm in the middle of a vicious argument,  
If I settle I'll get the short-ended stick,  
I'm in the middle of a vicious argument,

I, I am wasted,  
I, I am wasted,

Just a minute I got something to regret,  
Should have done it should of swallowed all of it,  
Just a minute I got something to regret,  
Now you've done it you cut on yourself again,  
All your talk about searching for the end,  
Now you've done it you cut on yourself again,

I, I am wasted,  
I, I am wasted,  
Wasted! Wasted!,  
Wasted! Wasted!,

Take you out tonight,  
Bottles for your eyes,  
Candles in the dark,  
It's a long way down,

I, I am wasted,  
I, I am wasted,  
I, I am wasted,  
I, I am wasted,

Wasted! Wasted!
