

## As Fast as I Could

Josh Turner

Baby, I know that you've been waiting patiently,  
For a man to give you all that you need,  
And love you like he should.  
Sticking to your guns, looking for the right one.  
Just somebody who treats you good.  
It took me a while but I got here as fast as I could.

I ran full speed ahead,  
Without stopping to rest.  
Not knowing where I was running too.  
Now that I'm here,  
It's perfectly clear.  
That I was making my way to you.  
Can't believe how long it took.  
But I got here as fast as I

I've ended up on at least 100 dead end roads,  
Where my heart and I just end up broke.  
Lost and misunderstood.  
I tried to rush finding true love,  
It didn't pan out how I thought it would.  
It took me some time,  
But I got here as fast as I could.

I ran full speed ahead,  
Without stopping to rest.  
Not knowing where I was running too.  
Now that I'm here,  
It's perfectly clear.  
That I was making my way to you.  
Can't believe how long it took.  
But I got here as fast as I could.

I ran full speed ahead,  
Without stopping to rest.  
Not knowing where I was headed too.  
Now that I'm here,  
It's perfectly clear.  
That I was making my way to you.  
Can't believe how long it took.  
But I got here as fast as I could.

Yeah I got here as fast as I could.
