

Eye Candy

Josh Turner

She's as pretty as model on TV
You gotta see her to believe me
That little lollipop will really make your jaw drop
You get to starin', you can't stop

Sweet as a honey bee hive
She got my attention from the get go
She goes walkin' on by
She's lookin' so fine
She's a little piece of eye candy

When the good Lord made that little looker
He must of used a whole lotta sugar
Maybe that's the reason why I crave her
So much flavor all the time

Sweet as a honey bee hive
She got my attention from the get go
She goes walkin' on by
She's lookin' so fine
She's a little piece of eye candy

She gets me higher than anything can
She melts my heart when she's holding my hand
Let me tell you somethin' about her kisses
They ain't nutritious but they're delicious
If your lookin' for a woman that's a goddess or the hottest
She's it!

Sweet as a honey bee hive
She got my attention from the get go
She goes walkin' on by
She's lookin' so fine
She's a little piece of eye candy

Sweet as a honey bee hive
She got my attention from the get go
She goes walkin' on by
She's lookin' so fine
She's a little piece of eye candy

Eye candy
Yeah, yeah, yeah
Whoa
