Why in the world did I think I could Only get to know you when my life was good When everything just falls in place The easiest thing is to give You praise

Now it all seems upside down

'Cause my whole world is caving in
But I feel You now more than I did then
How can I come to the end of me
And somehow still have all I need
God, I want to know You more
Maybe this is how it starts
I find You when I fall apart

Blessed are the ones who understand We've got nothing to bring but empty hands Nothing to hide and nothing to prove Our heartbreak brings us back to You

And it all seems upside down

'Cause my whole world is caving in
But I feel You now more than I did then
How can I come to the end of me
And somehow still have all I need
God, I want to know You more
Maybe this is how it starts
I find You when I fall apart

I don't know how long this will last I'm praying for the pain to pass But maybe this is the best thing that Has ever happened to me

My whole world is caving in
But I feel You now more than I did then
How can I come to the end of me
And somehow still have all I need
God, I want to know You more
Maybe this is how it starts
I find You when
You will find me when I fall apart
