

# Grace Enough For You

Josh Wilson

Why are you still holding on  
To everything that you've done wrong?  
You're praying "Father, please forgive,"  
But deep inside you wonder if He will.  
Oh, yes He will.

(Woah, woah)  
Aw come on just let it go  
(Woah, woah)  
All the pain and shame you hold  
And the Lover of your soul  
Will make you new  
(Woah, woah)  
Come on let the light inside  
Woah, woah  
There is nothing left to hide  
Everything you heard is true  
There is grace enough for you,  
For you.

God has given you a different name,  
Oh, once a sinner now a saint.  
So leave your old self in the past,  
Well just run to Jesus and don't look back.  
Yeah

(Woah, woah)  
Aw come on just let it go  
(Woah, woah)  
All the pain and shame you hold  
And the Lover of your soul  
Will make you new  
(Woah, woah)  
Come on let the light inside  
(Woah, woah)  
There is nothing left to hide  
Everything you heard is true  
There is grace enough for you.

We are sons and daughters  
Of a merciful Father above.  
And nothing, well nothing could ever  
Separate us from His love.

There's grace enough for me  
There's grace enough for you

(Woah, woah)  
Aw come on just let it go  
(Woah, woah)  
All the pain and shame you hold  
And the Lover of your soul  
Will make you new  
(Woah, woah)  
Come on let the light inside  
(Woah, woah)  
You got nothing left to hide

Everything you heard is true  
There is grace enough for you  
(Woah, woah)  
Yeah, grace enough for you  
(Woah, woah)  
Oh grace enough, grace enough, grace enough for you and  
me  
(Woah, woah)  
Grace enough, grace enough, grace enough for you and me  
Grace enough, grace enough, grace enough for you and me
