

# Pull Me Through

Josh Wilson

Everything that could go wrong has gone wrong  
Everything that should go right has gone wrong too  
Everything steady has now been shaken

Now there is nothing for me to cling to  
Now there is nothing left in me to lose  
Now I am ready to see You waiting with open arms

So would You carry me  
'Cause I am at the end of myself and all I have is You  
So would You carry me  
'Cause only You can pull me through

I know You're stronger than my struggle  
I know You're greater than my greatest need  
If You are ready and You are waiting with open arms

Then would You carry me  
'Cause I am at the end of myself and all I have is You  
So would You carry me  
'Cause only You can pull me through, pull me through

Why do I wait so long  
Through so many wrongs to face the truth?  
I can't fix this shattered heart  
I've tried so hard but only You can save me Savior

So would You carry me  
'Cause I am at the end of myself and all I have is You  
So would You carry me  
'Cause all I need is You

So would You carry me  
'Cause I am at the end of myself and all I have is You  
So would You carry me  
'Cause only You can pull me through, pull me through  
Only You can pull me through, pull me through
