

# They Just Believe

Josh Wilson

You say  
With a mustard seed of faith  
That I can make the mountain move  
Sometimes  
I am so afraid  
Even though I know it's true  
Because my faith feels just like doubt  
I don't know what to pray right now

Oh I believe  
Please help my unbelief  
Jesus give me grace  
To trust what I can't see  
Your ways are not my own  
Some things I'll never know  
But you say blessed are the ones who never see  
They just believe

So now  
With a heart full of questions  
I come to you just as I am  
All my weakness  
All my fears  
All I've run from all these years  
In the middle of my doubt  
Some that still I'm finding out

I believe  
Please help my unbelief  
Jesus give me grace  
To trust what I can't see  
Your ways are not my own  
Some things I'll never know  
But you say blessed are the ones who never see  
They just believe

When my faith feels just like doubt  
I believe  
Oh I believe

Oh I believe  
Please help my unbelief  
Jesus give me grace  
To trust what I can't see  
Your ways are not my own  
Some things I'll never know  
But you say blessed are the ones who never see  
They just believe  
But you say blessed are the ones who never see  
They just believe
