

# Jet Lag

Joss Stone

1. Little angels  
Whisper softly  
While my heart melts  
For you and I'll see  
Only sunshine  
Only moonlight  
For the first time its real
- \*: And the higher you take me  
The more that you make me  
Feel so hazy  
Tell me what this means
- R: I got jet lag and I never even left the ground  
See it's like that every time you come around  
Oh, I'm so hung over and I never even touched a drop  
See I can't get enough  
This must be love
2. How the time flies  
When you're near me  
Get those butterflies  
Inside and I'll be  
Where the stars shine  
Where the birds fly  
'Till the next time you're mine
- \*: And the higher you take me  
The more that you make me  
Feel so hazy  
Tell me what this means
- R: I got jet lag...  
  
Whenever you're with me  
It feels like gravity  
Ain't got no hold on me  
Tell me what does this mean  
This must be love  
Love
- R: I got jet lag and I never even left the ground  
And it's like that every time you come around  
I'm so hung over and I never even touched one drop  
See I got jet lag  
Baby don't you know  
You really really got it goin' on
