

Jet Lag

Joss Stone

1. Little angels
Whisper softly
While my heart melts
For you and I'll see
Only sunshine
Only moonlight
For the first time its real
- *: And the higher you take me
The more that you make me
Feel so hazy
Tell me what this means
- R: I got jet lag and I never even left the ground
See it's like that every time you come around
Oh, I'm so hung over and I never even touched a drop
See I can't get enough
This must be love
2. How the time flies
When you're near me
Get those butterflies
Inside and I'll be
Where the stars shine
Where the birds fly
'Till the next time you're mine
- *: And the higher you take me
The more that you make me
Feel so hazy
Tell me what this means
- R: I got jet lag...

Whenever you're with me
It feels like gravity
Ain't got no hold on me
Tell me what does this mean
This must be love
Love
- R: I got jet lag and I never even left the ground
And it's like that every time you come around
I'm so hung over and I never even touched one drop
See I got jet lag
Baby don't you know
You really really got it goin' on
