

# Stalemate

Joss Stone

Did I let you down?  
No  
Did I give you up?  
No

So what's it all about  
Now?  
Was it not enough?  
No, no, no

It's alright, yeah  
It's okay, yeah  
It's alright with me

I'll be fine, yeah  
I don't mind, yeah  
I'll pretend at least

But if you give me something  
That I believe in  
Give me something  
I will wait

But if you give me nothing  
I can't help feeling  
I'm in stalemate with you  
Stalemate with you

Used to pick me up  
Yeah  
Like a sunken  
Pill

And I've been thinkin' it  
Through  
And we worked so  
Well

But it feels wrong, yeah  
When I'm strong alone, yeah  
Strong alone by you

And the words you say, yeah  
Just to get your way, yeah  
Well, they just won't do  
You got to

Give me something  
That I believe in  
Give me something  
And I will wait

But if you give me nothing  
I can't help feeling  
I'm in stalemate with you, oh, I'm in stalemate  
Oh, I'm in stalemate, pretty baby  
(Stalemate with you)

I need more, I need more  
What are you waiting for?  
It's so frustrating  
(So frustrating, baby)  
You got to

I'm so frustrated with your love  
What you do to me  
Oh, yeah, yeah, yeah  
Hey  
You got me in stalemate

Ooh, ooh, ooh, woo, woo, woo, woo  
No, no, no, no, no, no  
Hey, hey, hey, hey, hey, hey  
Hey, hey, hey, hey, hey, hey, hey  
You got me in stalemate, hey, yeah

Ooh, don't hurt me, baby  
Don't hurt me, love  
You breakin' my heart now  
Don't you break my heart, no  
Don't you break my heart
