

Hustler

Journey

I get beside women all men desire
Crazy with passion I'll never be tired
Money's no good to me 'cause lovin's my game
I don't need no trouble and I'll show you no pain

I move like a lover, so silent and swift
Screamin' women love me, just can't resist
I can't be bought, 'cause your payoff's no good
So lock up your women, like you know you should
