

If He Should Break Your Heart

Journey

Please be wrong, please don't tell me it's really you
Tell me eyes, tell my heart what I'm going through
I believed, I believed I was over you

If he should break your heart
I'll always know where you are
If you should fall apart
I'll be there, I'll be around
If he should break your heart
I'll be there

Is it right, I don't care, I'm alone with you
Here we are once again, you've got someone new
Lonely hands, please don't do what you wanna do

If he should break your heart
I'll always know where you are
If you should fall apart
I'll be there, I'll be around
If he should break your heart

From my soul I say goodbye yesterday
One more night alone without the touch of you
Then I start to break, is it my mistake
Tell me am I wrong for holding on to you

If he should break your heart
I'll always know where you are
If you should fall apart
I'll be there, I'll be around
If he should break your heart, I'll be there
If he should break your, if he should break your
If he should break your heart
I'll be there, I'll be around
