

In the Morning Day

Journey

Everybody's got the blues
In the morning day, yeah
If you find the answer
And you wonder let's find a way

I want to give you happiness
Just like the sun gives to the day
I'd like to make you mine, yeah
I'm gonna make you mine

Just like a blinding dream
Yeah, you're gonna be with me, yeah

Strolling through a summer's breeze
And you find it's not the rain
Leaving wrong behind you
All your fantasies so very plain

I want to give you happiness
Just like the sun gives to the day
I'd like to make you mine, yeah
I'm gonna make you mine

Just like a blinding dream
Yeah, you're gonna be with me, yeah
