It's All Too Much

Wow

It's all too much for me to see The love that's shining all around you It's everywhere, it's what you make For us to take each other's love

It's all too much for me to see The love that's shining all around me The more I am, the less I know And what I do, is live for love

Hey hey hey hey Oh, no no no no no Yeah hey hey hey Alright

Wooh, yeah, yeah It's all too much It's all too much, it's all too much

It's all too much for me to see The love that's shining all around you It's everywhere, it's what you make For us to take each other's love

It's all too much for me to see The love that's shining all around me All the world is built in hate So take a piece of my true love

It's all too much, it's all too much It's all too much, it's all too much It's all too much, it's all too much, wow It's all too much, it's all too much It's all too much
