

# Kiss Me Softly

Journey

There was a stage of grace that happens every day  
It's a feelin' I thought lost of locked away  
Another question to an answer that I know  
Oh, are you comin' home, comin' home for sure?  
I'd walk a thousand miles, just to hear you callin' out my name

Kiss me softly, kiss me slowly  
I get lost in you like only lovers do  
Hold me closer, love me tender  
I get swept away like only lovers do  
Ooh ooh ooh

You've awakened something deep inside my soul  
And every moment, every breath I feel it more  
Your hidden treasures that you keep down deep inside  
We make love freely as we watch the new sunrise  
I'd live a thousand lives if every one I lived could be with yo  
u  
Ooh ooh ooh

Kiss me softly, kiss me slowly  
I get lost in you like only lovers do  
Hold me closer, love me tender  
I get swept away like only lovers do

I'd live a thousand lives  
If every one I lived could be with you, ooh ooh ooh

Kiss me softly, kiss me slowly  
I get lost in you like only lovers do  
Hold me closer, love me tender  
I get swept away like only lovers do

Kiss me softly, kiss me slowly  
I get lost in you like only lovers do  
Hold me closer, love me tender  
I get swept away like only lovers do

Only lovers, only lovers, only lovers do  
Only lovers, only lovers, only lovers do  
Only lovers, only lovers, only lovers do  
(Oh ho, kiss me)  
Only lovers, only lovers, only lovers do
