

# Party President

Jovanotti

Yo babe  
You wanna come to party?  
Come on yo alright  
I am the party president  
If you wanna get up  
You don't pay the rent  
I am the boss of feeling good  
I got the key to your good mood  
So come on you participate  
It's now the time to celebrate  
Par par party check up this beat  
Now boys and girls get on your feet

I am the president of the noise  
I got the power in my voice  
Let me know "baby intelligent"  
Hold on to the party president

You can stop the drummer  
You can stop the bass  
Five, six, seven, eight get into the race  
You can stop the sequencer  
You can stop the move  
Five, six, seven, eight get into the groove

Yo yo babe  
Pump it up the noise  
Leave your parents out  
Drive me crazy

Funky

I'm the party president  
If you wanna get up  
You don't pay the rent  
I'm the boss of feeling good  
I got the key to your good mood  
I'm the president of the noise  
I got the power in my voice  
Let me know "baby intelligent"  
Hold on to the party president

You can stop the drummer  
You can stop the bass  
Five, six, seven, eight get into the race  
You can stop the sequencer  
You can stop the move  
Five, six, seven, eight get into the groove

I am the number one  
Make me feel good  
Drive my crazy  
Turn me on, man  
Jovanotti for president

Everybody around the country  
It is now the time to break the speakers join the party

Let's get down to the bass vibration  
No melody, no more melody  
Just noise  
I wanna you to sweat  
To keep the jacket in club  
No more ties in the disco  
No more melody, no more melody,  
Bring the noise

One, two, get down  
Yo brothers and sisters  
You gotta say wo oh oh  
You gotta say yo oh oh

I got to know, are you ready for a dynamite show  
Tonight we're gonna party like there's no tomorrow  
Open up your eyes  
Recognize my face  
To the beat of the drum  
And the sound of the bass  
Pump it up yo, pump it up yo, come on  
Are you ready to party tum the radio on
