

Caught Up

Joy Denalane

These stolen kisses are the sweetest ones
I know it's wrong to justify it
But everything he does just leads me on
With love so strong just can't deny it
Still I'm lonely, yes I'm lonely
I'll always need much more than he can give
And I need you to hold me

What kind of love is this?
I need to know right now
And how did I get caught up
What kind of love is this?
Just can't get enough of this
My heart got caught somehow
I'm a friend for your love
Can't get enough of this

I was a fool for thinkin you could be my own
But even fools are right sometimes
Used to ignore the fact you got a life at home
Now I can't get that off my mind
Because I'm lonely, I'm still lonely
This just ain't the way I'm meant to live
And I need you around me

What kind of love is this?
I need to know right now
And how did I get caught up
What kind of love is this?
Just can't get enough of this
My heart got caught somehow
I'm a friend for your love
Can't get enough of this

Too many nights I sat at home
The hours starring at the phone
The times I woke up in the morn'
Just couldn't take it that you're gone
But boy you got a family
And what we got might set you free
In the end it's just a captivity
Cause I know you'll never live with me
This ain't livint, no this ain't living
There's just not enough of you for 2 Women
See I'm caught up, caught up
With nothing but a prayer and a wish

What kind of love is this?
I need to know right now
And how did I get caught up
What kind of love is this?
Just can't get enough of this
My heart got caught somehow
I'm a friend for your love
Can't get enough of this
