Joy Division

Walk in silence  
Don't walk away, in silence  
See the danger  
Always danger  
Endless talking  
Life rebuilding

Don't walk away  
Walk in silence  
Don't turn away, in silence  
Your confusion

My illusion  
Worn like a mask of self-hate  
Confronts and then dies  
Don't walk away  
People like you find it easy

Naked to see  
Walking on air

Hunting by the rivers  
Through the streets  
Every corner abandoned too soon  
Set down with due care  
Don't walk away in silence  
Don't walk away
