The Sound of Music

See my true reflection, Cut off my own connections, I can see life getting harder, So sad is this sensation, Reverse the situation, I can't see it getting better.

I'll walk you through the heartbreaks, Show you all the out-takes, I can't see it getting higher, Systematically degraded, Emotionally a scapegoat, I can't see it getting better.

Perverse and unrealistic, Try to make it all stick, I can't see it getting better, Hollow now, I'm burnt out, All I need to break out, I can't see life getting higher, Love, life, makes you feel higher, Love of life, makes you feel higher, Higher, higher, higher, higher, Love of life, makes you feel higher,
