## **Twenty Four Hours**

**Joy Division** 

So this is permanence, love's shattered pride What once was innocence, turned on its side A cloud hangs over me, marks every move Deep in the memory, of what once was love

Oh, how I realised how I wanted time
Put into perspective, tried so hard to find
Just for one moment, thought I'd found my way
Destiny unfolded, I watched it slip away

Excessive flash points, beyond all reach Solitary demands for all I'd like to keep Let's take a ride out, see what we can find A valueless collection of hopes and past desires

I never realised the lengths I'd have to go
All the darkest corners of a sense I didn't know
Just for one moment, I heard somebody call
Looked beyond the day in hand, there's nothing there at all

Now that I've realised how it's all gone wrong Gotta find some therapy, this treatment takes too long Deep in the heart of where sympathy held sway Gotta find my destiny, before it gets too late
