

I Believe In You

Joy Williams

You breathe and life begins
You speak and my world makes sense
That's how it is when it comes to You

Your mercy has no end You're more than just a friend
It amazes me You feel the way You do
I believe in You, and nothing less
I believe in You can't help myself
You're all the hope, the reason that I need
I believe in You just because
I don't need no one to prove Your love
For all that I have seen
It's easier for me to believe in You

You are so beautiful
You are the miracle
That dries the tears and heals the wounded hearts

And it's so clear to see
Your hand in everything
You were there for me, there to see me through

Through the fire and through the rain
I know Your love for me will never ever change
