

I Wonder

Joy Williams

Pondering mysteries with a girlfriend over tazoberry tea
And an open Bible
Yeah, there we were
Asking all deep questions about life, and love, and God
And how it all came to be

And why this
And why that
And why me
And why not
And why
Why do I think this way?
I wonder why.....

I wonder, wonder, wonder why
I wonder, wonder why
All of these questions echo in my mind
I wonder, wonder why

Throughout the rest of our conversation
I kept coming back to one thing
I don't understand
Why would God leave all of heavens glory
Just to come and live and die as a man?
And why grace
And why mercy
Why'd give it all for me
And why...
And why does he love this way?
I wonder why.....

I wonder, wonder, wonder why
I wonder, wonder why
All of these questions echo in my mind
I wonder, wonder why

Why does he love me like he loves me?
All of these questions echo in my mind
I wonder, wonder why

Every little thing that my mind can question
Just leads me back to one thing
Gods love for me
Every little thing that my mind can question
Just leads me back to one thing
Gods love for me

I wonder, wonder, wonder why
I wonder, wonder why
So many questions.....

Yeah, I wonder why your love is so amazing
I just can't believe it, OoOo
it's so rich and wide
I wonder why

Every little thing that my mind can question

Just leads me back to one thing
Gods love for me
Every little thing that my mind can question
Just leads me back to one thing
Gods love for me
