

More Than I Asked For

Joy Williams

You and me
underneath the evergreen,
rosy cheeks,
holding hands while the snow is falling...
Hold me so,
stay under the mistletoe,
no, don't go
'cause when you're near I can't stop smiling,
smiling bright like Christmas lights...

It's more, more, more, more,
more than I asked for;
more, more, more than I asked for;
silver bells are ringing in the sky...
I've got more, more, more, more,
more than I asked for;
more, more, more than I asked for...
Christmas time came just in time tonight...

Every wish
crossed out on my Christmas list,
how sweet, sweet it is
with everyone around us singing...
Singing songs of joy and peace,
all I want in front of me...

It's more, more, more, more,
more than I asked for;
more, more, more than I asked for;
silver bells are ringing in the sky...
I've got more, more, more, more,
more than I asked for;
more, more, more than I asked for...
Christmas time came just in time tonight...

I've got more, more, more, more,
more than I asked for;
more, more, more than I asked for;
silver bells are ringing in the sky...
I've got more, more, more, more,
more than I asked for;
more, more, more than I asked for...
Christmas time came just in time,
Christmas time came just in time,
Christmas time came just in time tonight...
