

# One of Those Days

Joy Williams

Don't ask me how I'm doin' if you don't wanna know  
I stayed up late, woke up late, oh you know how it goes  
Give off the vibe everything's fine  
As long as you, as long as you just don't look in my eyes

It's all going just so perfectly wrong.....

Hey hey hey hey  
What can I say?  
It's just been one of those  
One of those days  
Hey ey ey ey  
What can I say?  
It's just been one of those  
One of those days

It's all mine this kind of life of hurry up and wait  
So many bills, too little frills, and not enough flowers

What I wouldn't give for a minute to myself.....

Hey hey hey hey  
What can I say?  
It's just been one of those  
One of those days  
Hey ey ey ey  
What can I say?  
It's just been one if those  
One if those days

Ah ah ah.....

Hey hey hey hey  
What can I say?  
It's just been one of those  
One of those days  
Hey ey ey ey  
What can I say?  
It's just been one of those  
One of those days

It's all going so perfectly wrong.....
