

## Dosed And Became Invisible

Joy Zipper

I dosed and became invisible  
A compilation of my dreams  
Exploded in my sleep  
Now there's nothing left of me

Psilocybin everyday  
Blew my mind in every way  
The answer crawled into my brain  
Psilocybin everyday

The waves, they brought me here  
They never really disappear  
For the waves flow endlessly  
And it brings me back to this, yeah

Psilocybin everyday  
Blew my mind in every way  
The answer crawled into my brain  
Psilocybin everyday

Psilocybin everyday  
Blew my mind in every way  
The answer crawled into my brain  
Psilocybin everyday
