

Cheek To Cheek

Joy

Cheek to cheek, and you should know:
You're in my heart, wherever I go
Cheek to cheek, so close to you
You and me, you're by my side
Deep in the night, just we two
Cheek to cheek, so near to you

What we care for, we share for
Ring-ding-a-ling
Love is all we're living for
What we need to agree to
Ring-ding-a-ling
Love is all we're living for

Cheek to cheek, and you will see:
You're in my mind, wherever I'll be
Cheek to cheek, so near to you
You and me in a cold-cold night
Deep in our hearts is burning the light
Cheek to cheek, so close to you

What we care for, we share for
Ring-ding-a-ling
Love is all we're living for
What we need to agree to
Ring-ding-a-ling
Love is all we're living for
