

Lost In Hong Kong

Joy

Oh-oh-oh-oh-oh, oh-oh-oh-oh-oh
Maybe I'll see you up in heaven
Or maybe in paradise, oh
Maybe we'll meet in a better world
And Hong Kong is cold as ice, oh
Maybe I'll meet you up in heaven
Or heaven is here in Hong Kong, oh
Maybe we'll meet in a better world
And I'm leaving the world in Hong Kong, oh

Oh-oh-oh-oh-oh, oh-oh-oh-oh-oh

Something is dreadfully wrong for I feel
Someone is chasing me and he's ready to kill
And I'm dreaming, I'm only dreaming
Night in Hong Kong but I don't know where I am
I feel the cold danger though I can't see the man
No more dreaming, no more dreaming
Lost in the city I'm one against all
No chances above and I know I must fall

Maybe I'll meet you up in heaven
Or heaven is here in Hong Kong, oh
Maybe we'll meet in a better world
And I'm leaving the world in Hong Kong, oh

No more dreaming, my soul is grimming
Everything's wrong, something's into my breast
I can feel the bullet going deep into my chest
No more dreaming, my soul is dreaming
Suddenly I'm easy for I'm ready to die
I only regret that I can't kiss you bye bye

Suddenly I'm easy for I'm ready to die
I only regret that I can't kiss you bye (bye bye bye)
