## **Touch By Touch**

Touch by touch You're my all time lover Skin to skin Come under my cover

When I feel the time is right And you're staying by my side And the love you give to me Makes my heart beat When my fantasies fly away But my feelings make me stay I see the fire in your eyes It makes my heart beat

Do it, we still do it night and day You're my all time lover Do it, we still do it in a way Like there is no other Touch by touch You're my all time lover Skin to skin Come under my cover

When my heart is full of love It makes me a turtle dove Love's a game that we play Night and day When our love is clear and bright It's our way to see the light There's a fire in our hearts Night and day
