

Touch Me My Dear

Joy

There's a night, there's a night of love
Wanna take that chance and listen to my heart
The stars above - there's a life somewhere
Now I'm standing here,
I'm ready for,
I'm ready for your love

Ta-ta-touch me my dear
With a power of love
Bring a feeling of love to my home
Ta-ta-touch me my dear
With a power of love
And my power of love will be strong

There's someone who needs some help from you
Here I am wanna change my life for you
Now I'm standing here,
I'm ready for,
I'm ready for your love

And I'm standing here,
I'm ready for,
I'm ready for your love
