

If I Forget

Joydrop

Curly hair thin red eyes
And a smile as wide as the sky
Green and gold were the colors of your day
You said today was a good day to die

And I remember these things about you
I remember these things about you
I remember these things about you

So if I forget your name
If I forget your name
If I forget your name forgive me
But they all sound the same

DJ spins and they all jump in
But they can't seem to make up their minds
You hang back with your Bob Marley t-shirt on
You said a few stand the test of time

Curly hair thin red eyes
Gold and green and the test of time
