

# Carry Me

Joywave

Tonight I think I might explode  
Yeah nothing's right, nothing's right  
Comfort me until the sun rises

Oh you can't go ratting me out this time  
You can't go ratting me out this time, no  
Oh you can't go ratting me out this time  
You can't go ratting me out this time, no

Carry me  
Are you strong enough?  
To make me feel complete  
Like destruction of hearts  
Carry me  
Are you strong enough?  
To make me know  
That we are enough to appear in the dark

I've been filling up a ditch  
With anything that I can fit  
Come for me and get me through the night

Oh you can't go ratting me out this time  
You can't go ratting me out this time, no  
Oh you can't go ratting me out this time  
You can't go ratting me out this time, no

Carry me  
Are you strong enough?  
To make me feel complete  
Like destruction of hearts  
Carry me  
Are you strong enough?  
To make me know  
That we are enough to appear in the dark

Sometimes, it takes, a hold  
Sometimes, it takes, a toll, on me  
Sometimes, it takes, a hold  
Sometimes, it takes, a toll, on me

Carry me  
Are you strong enough?  
To make me feel complete  
Like destruction of hearts  
Carry me  
Are you strong enough?  
To make me know  
That we are enough to appear in the dark
