I can't let you go
I can't quit you go
So tell I'm your dream
Cause I'm supposed to be
I really wanted let you know
So tell I'm your sad
Cause I hope to be
It's the only thing to make me home

I'm marching
Can't help you go
I'm surrounded
What you don't know I don't know

I've been watching close
I've been
So tell I'm your dream
Cause I'm supposed to be
I really wanted let you know
So tell how I'm exactly supposed to be
It's the only thing to make me home

I'm marching
Can't help you go
I'm surrounded
What you don't know I don't know

Stay, out of my way, out of my way, out of my way, out of my way
Babe
Stay, out of my way, out of my way, out of my way, out of my way
Hey

I'm marching
Can't help you go
I'm surrounded
What you don't know I don't know
