

## Somebody New

Joywave

With my eyes on the prize  
Not a thing to my name  
With my head in the clouds  
And my body don't waste

Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Don't wanna ever wake up  
Next to somebody new  
Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Don't wanna ever wake up  
Next to somebody new

With my eyes to the south  
And my brain up in space  
Flip my nervous hips around  
I'm a step out a sync

Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Don't wanna ever wake up  
Next to somebody new  
Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Don't wanna ever wake up  
Next to somebody new

Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Don't wanna ever wake up  
Next to somebody new  
Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Don't wanna ever wake up  
Next to somebody new  
Don't wanna ever wake up  
Don't wanna ever wake up, I don't  
Next to somebody new
