Thought I told you before, when you come over I'mma hit that  
Til you can't take no more, ain't nobody greater  
When I'm in between them sheets you know I'm going for that knock out  
Girl they call me Ali, bumbaye!

From the first day that I meet her  
She never want me to leave her  
Forgot every man beef on me, I gotta catch an amnesia

And the first time that I touch her  
She'd never go on another  
Now the way I make her body feel  
Got her thinking that I'm unreal

Ali, Ali, Ali Ali  
I lay you up now  
Ali, Ali, Ali Ali  
You better run now  
Ali, Ali, Ali Ali  
I lay you up now  
Ali, Ali, Ali Ali  
I thought I told you I'm the greatest

Ali...  
Greatest of all time, greatest of all time  
Ali...  
Greatest of all time, greatest of all time  
Ali...  
Greatest of all time, greatest of all time  
Ali...  
Greatest of all time  
Bumbaye!

She float like a butterfly, sting like a bee  
She rolled over and told me she ain't never had nothing like me  
That first round, knock out, got her disbelief  
Get that rumble in the jungle, girl you fuckin with a beast

From the first day that I meet her  
She never want me to leave her  
Forgot every man beef on me, I gotta catch an amnesia

Sweating off all your makeup girl  
Knock you out when you wake up girl  
You gon be looking for me  
That's why they call me

[x2]  
Ali, Ali, Ali Ali  
I lay you up now  
Ali, Ali, Ali Ali  
You better run now  
Ali, Ali, Ali Ali  
I lay you up now  
Ali, Ali, Ali Ali  
I thought I told you I'm the greatest

Ali...  
Greatest of all time, greatest of all time  
Ali...  
Greatest of all time, greatest of all time  
Ali...  
Greatest of all time, greatest of all time  
Ali...  
Greatest of all time
