

I really shouldn't be saying this
I don't give a damn cus I really want you
I know this could be dangerous
I see it in your eyes, you're feeling it too

Can we be rebels tonight?
Let's be rebels tonight

Can I take you home?
And give you what you want girl
And when all is said and done
You won't let me go
I just need one night
To give you what you want girl
Now you wanna leave
It's much better with me
But he's dead
Let's leave it in the air
(Can we be rebels?)
Let's leave it in the air
(Can we be rebels?)
Let's leave it in the air

I'mma pour it all out
Just to quench your thirst
I got it right here
Don't worry bout the fallout
He ain't know your worth
And that's why you're here

And we are rebels tonight
So let's be rebels for life

Can I take you home?
And give you what you want girl
And when all is said and done
You won't let me go
I just need one night
To give you what you want girl
Now you wanna leave
It's much better with me
But he's dead
Let's leave it in the air
(Can we be rebels?)
Let's leave it in the air
(Can we be rebels?)
Let's leave it in the air
