Change

Juanita Bynum

[Verse 1:] I'm so glad that trouble don't last always. I'm so glad that my burdens, they won't last always. You may be down today, but it won't last always; I feel a change, yes, I do, a change is on the way. [Verse 2:] I'm so glad that these troubles won't last always. I'm so glad that this pain, they won't last always. When trouble comes your way, just lift your head up and say that; "I feel a change, yes, I do", "a change in on the way". [Chorus:] I'm so glad that trouble don't last always. I'm so glad that my burdens won't last always. You may be down today, but it won't last always... [Vamp:] I feel a change, yes, a change is on the way, way, way, way.
