

One Step Away

Juanita Bynum

One step away,
Oh my my my
One step away [x2]
Every time I feel the pain,
One step away [x2]
When I feel confusion in my mind,
One step away,
That's all he is,
All he is [x2]
One step away
That's all he is.
One step away [x2]
That's all he is.
All he is,
That's all he is,
All he is.

He's there,
Just stick your hand out,
Cause when you put your hand out,
You're going to stick your hand into the kingdom.
He's there
All he is [x2]
Is one step away [x2]
That's all he is,
All he is [x2]
One step away.

One step away from your heartache,
One step away from all your pain,
One step away for healing in your body,
One step away for healing in your mind,
One step away for restoration,
One step away for deliverance in your soul.

One step away [x2]
That's all he is!
