Brain Dead

Judas Priest

Turn me off
Pull the plug
Leave me with some dignity
I am not
What I was
And I don't need the sympathy

Alive inside me No one can hear me

Brain dead I'm not Brain dead Sentenced Forgot

Paralyzed
In my shell
Enduring every
Endless day

Immobilized
On my back
Aware of everything
They say

Extricate me Eliminate me

Brain dead I'm not Brain dead Drip fed Forgot

I can't blink my eye or cry
Or even speak
They crowd around my bed
Condescending words are said
Thinking I don't hear or know
What is going on?
Hello
Can't you suckers hear my cries
From inside? I'm still alive
It's my decision to abort
Turn off the goddamn life support

Let me pass From this world So I fade away in peace

Comprehending Unrelenting

Brain dead I'm not Brain dead Sentenced Forgot

Brain dead I'm not Brain dead Drip fed Forgot
