Burn in Hell

Judas Priest

Speak to me Of those days I won't forget Your worst dreams Has just returned, to pay you back I'm still laughing There's not much else I can do But one's thing's certain I'm coming back for you Have you got a gun Do you remember well Who you used it on It's time to burn in Hell Say my name I can hear you whisper Not to blame? You are going to blister Scream in the night I've been counting the days It's so amusing To see you again Have you got a gun Do you remember well Who d'ya use it on You're going to burn in Hell Die Why? Time to pay the price Kill I will Have my sacrifice Plead With fear I am getting near Friend Liar Time to eat some fire Have you got a gun Do you remember well Who d'ya use it on You're going to burn in Hell Burn in Hell I can hear you whisper Burn in Hell You are going to blister Have you got a gun Do you remember well Who d'ya use it on You're going to burn in Hell

Burn in Hell I can hear you whisper Burn in Hell You are going to blister Snarl like a dog You'll scream like a banshee Stuck like a hog You're gonna love me Burn in Hell I can hear you whisper Burn in Hell You are going to blister Burn in Hell Screaming like a banshee Burn in Hell Burn
