

# Come and Get It

Judas Priest

Do you like it heavy  
Do you love it mean  
Do you want it dirty  
We don't play it clean

Standing in the spotlight  
Ceiling to the floor  
I can see you rockin'  
Let me hear you roar

Turn it up  
Tear it down  
Hammering through  
Can you feel the sound

Any day, Any night  
Midnight madness  
Dynamite

If you want it  
Come and get it  
Do you want it  
Come and get it

Can you feel the power  
Blinded by the light  
Keep on goin' crazy  
Burnin' up the night

Shouting out together  
Boiling like the sun  
Metal lives forever  
Blazing on and on

Turn it up  
Tear it down  
Hammering through  
Can you feel the sound

Any day, Any night  
Midnight madness  
Dynamite

If you want it  
Come and get it  
Do you want it  
Come and get it

Do you like it heavy  
Do you love it loud

If you want it  
Come and get it  
Do you want it  
Come and get it
