

# Down in Flames

Judas Priest

My last days  
We shall see  
They are coming now  
They're after me  
They want blood  
Yes it's true  
Going quietly I just don't do

Going down in flames  
Going down in a blaze of glory  
Going down in flames  
Going down in a blaze of glory

In my heart  
I can say  
I'll be ready for what comes my way  
Don't be fooled  
I can tell  
Where I'm going to will serve me well

Going down in flames  
Going down in a blaze of glory  
Going down in flames  
Going down in a blaze of glory

Leaving my mark on the world when I've gone  
Spreading the word by the deeds that I've done

Going down in flames  
Going down in a blazing glory  
Going down in flames  
Going down in a blazing glory
