Out in the Cold

Judas Priest

I'm layin' awake at nights I can't get you out of my mind All I can hear is my heartbeat And the voice in the dark of some kind Where are you now?

The fears are comin' back to me once again Oh, I wish you were here Takin' good care of me I want you I feel as though I'm out in the cold

Out in the cold Hear me calling, cold Out in the cold Please rescue me

I know it was you I hurt I didn't mean to hurt you So much to forgive and forget Can't take anymore of this hurt On no, oh no There's so many things I regret

Where are you now? The fears are comin' back to me once again Oh, I wish you were here Takin' good care of me I want you I feel as though I'm out in the cold

Shut me out Out in the cold Where are you now? Hear me calling I need you I'm so cold Can't you hear my heartbeat Out in the cold Please rescue me

Give me a chance baby Ah there's nothing I wouldn't do to make it alright Just one more chance baby I need all your lovin' tonight

Where are you now? Fears are comin' back to me once again Oh, I wish you were here Takin' good care of me I want you I feel as though I'm out in the cold

Shut me out Out in the cold Where are you now? Hear me calling I need you I'm so cold Can't you hear my heartbeat Out in the cold Please rescue me

Why don't you rescue me? Cold Shut me out Out in the cold Where are you now? Hear me calling I need you I'm so cold Can't you hear my heartbeat Out in the cold Please rescue me

Why don't you rescue me? I'm so cold Shut me out Out in the cold Where are you now? Hear me calling I need you I'm so cold Can't you hear my heartbeat Out in the cold Please rescue me
