

# Starbreaker

Judas Priest

Look out, here's Starbreaker  
Cruisin' into town  
Set his mind to stealin'  
Every little heart around  
Step out on the sidewalks  
If you're feeling game  
He comes but once a lifetime  
Never seen again

Starbreaker  
Glides in from the sky  
Starbreaker  
Takes you up so high

Paradise is waiting  
For the chosen few  
Let's hope maybe this time  
He picks me and you  
Star voyage to a new world  
Light-year miles away  
Cross your fingers, here he is,  
Take us now this day

Starbreaker  
Glides in from the sky  
Starbreaker  
Takes you up so high

Starbreaker, take my hand  
Starbreaker, understand  
Starbreaker, you're the one  
Starbreaker, lead us on, and on

Look out, here's Starbreaker  
Cruisin' into town  
Set his mind to stealin'  
Every little heart around  
Step out on the sidewalks  
If you're feeling game  
He comes but once a lifetime  
Never ever seen again

Starbreaker  
Glides in from the sky  
Starbreaker  
Takes you up so high
