

## Worth Fighting For

Judas Priest

You said I could never find a way to ease your mind  
But where I go you wind up in the dust  
I tried so hard to have you reach another side of me  
Instead you went to nowhere and forgot

So I wander on  
Asking where you might have gone  
From what I knew before  
Some things are worth fighting for

Diserty can wear you down, but still I'm rollin' through  
Did I see your figure in the haze?  
I am driven by your thirst, to quench myself of love  
The sun beats on me for the price I pay

So I wander on  
Asking where you might have gone  
From what I knew before  
Some things are worth fighting for, yeah

Night road leads me to a town of dust  
I'm beckoned by the gloss  
Of jealousy and tumble weed  
They're calling out, forevermore  
Worth fighting for

I'm leading in the wind  
Head bowed down from what I saw  
My shadow far a friend  
There's some things are worth fighting for

So I'm moving on  
Asking where you might have gone  
From what I knew before  
Some things are worth fighting for, yeah

Worth fighting for
