

You Say Yes

Judas Priest

Say you want to rip it up
Paint the town red
Wanna do the hot spots
Get it in the head
You drive me crazy
I know your game
You done it all before
You'll do it all again

You say yes, I say no

My blood's on fire
I grit my teeth
You're nothin' but a teaser
Gimme some relief
I'm lookin' at the bottle
Sinkin' to the floor
I gotta white knuckles
Can't take it anymore

You say yes, I say no

What do you treat me so
What I do, I do for you
