

## More Than I Wanted

Jude.

I heard nothing but the empty slap of words  
That was all I heard when you spoke to me  
I ... I ... I want you

You asked me if I knew what a nipple was for  
Put me on the floor and then rape me to explore  
And I ... I laugh at you

I had much more than I wanted  
I found much more than I gave

The lives we live in are too complex for words  
And yet we are turds of great colossal birds  
In the sky  
Way up high  
Cock-a-doodle-do

I found much more than I wanted  
I got much more than I gave

Mary had a little boy and a little lamb  
Who am ... I ... am ... and ... are you?

I got much more than I wanted  
I got much more than I gave
