

# Fly Me To The Moon

Judy Garland

Don't ever leave me, now, that you're here  
Here is where you belong  
Everything seems alright when you're near  
When you're away, it's all wrong  
I'm so dependent  
When I need comfort I always run to you  
Don't ever leave me 'cause if you do  
I'll have no one to run to
